# Alejandro Escobar

## Interior and Architectural Designer

A dedicated design professional with a profound commitment to both personal and business development, I bring an extensive skill set rooted in architectural and creative design to every endeavor. My move to Florida in March 2024 heralds a new chapter where I intend to infuse the vibrant architectural landscape with innovative ideas and a meticulous approach to detail. Equipped with a passion for continuous improvement, my collaborative nature and adeptness in navigating diverse stakeholder perspectives have consistently positioned me as a leader in design projects. My journey is a testament to adaptability and a keen ability to excel in teamwork, fostering a harmonious blend of creative thinking and strategic vision in every architectural endeavor.

## Experience

○ Jun 2023 - Dec 2023

Closet World

### Certified Designer and Sales

Facilitated client consultations to conceptualize and design bespoke spatial elements such as closets, pantries, and garages, offering on-site project quotations with precision. Adept in the art of negotiation, I consistently demonstrate a proficiency in closing sales with a commitment to achieving high levels of customer satisfaction. My comprehensive skill set extends to managing financing applications, navigating intricate contracts, and securing design approvals, reflecting a meticulous approach to project execution.

○ Oct 2020 - Mar 2024

IKN CONSTRUCTION INC. California

### Project/Office Manager

Proficiently manage office and project operations, overseeing finances, insurance, and human resources to ensure optimal company functionality. As a Project Manager, lead medium-scale remodeling projects by supervising teams and cultivating strong customer relationships.

○ Oct 2022 - Jan 2023

Telus International

### Production Drafter

Developed detailed architectural plans for approximately 60 residential units in the bay area, with a meticulous focus on levels, heights, ceilings, and sections. Conducted site analysis to select optimal locations for testing devices, contributing to product innovation.

○ Jul 2019 - Current

Freelancer

### Interior Designer, Architectural Designer

Spearheaded independent residential and commercial architecture and interior design projects. Proficient in planimetry, 3D rendering, 3D virtual tours, VR rendering, and material specification.

○ Mar 2018 - Oct 2018

The Fundraising People

### Team Leader Fundraiser

Successfully collected approximately 450,000 Australian Dollars in Melbourne, Australia. Established strategic relationships with potential donors for various NGOs, including ActionAid (international), Amnesty International, BerryStreets (Australian), and Royal Flying Doctors (Australian).
